## OBJECTIVE

---

To obtain a position as an educator in the Dental Hygiene field where I will utilize my professional experience and leadership skills to enhance student knowledge and performance.

## PROFESSIONAL EXPERIENCE

---

Lakeland Community College

2/14-present

### **Adjunct Faculty, Dental Hygiene**

- oversee students treating patients in the dental hygiene clinic
- assist students in reviewing medical history of patient as well as obtaining vital signs
- help students gather pertinent information on patient such as periodontal examination, restorative examination, oral cancer screening, caries and periodontal risk assessments
- guide students through the process of developing a complete dental hygiene diagnosis and treatment plan
- evaluate students instrumentation skills throughout a sequence of patient appointments during the semester
- assess student competencies throughout the semester to ensure they are proficient in all areas of patient care
- provide ongoing support to students while they are preparing for state and national board examinations
- guide students toward effectively communicating treatment plans to both patients and doctors

Case Western Reserve University

10/08-Present

### **Clinical Instructor, EFDA program**

- assist in both lecture and lab/clinical settings
- educate students on tooth anatomy, contour and contact and all other course objectives
- responsible for grading students' restorative work on typodont
- prepare students for state board examination through ongoing assessment and feedback during clinic hours
- help students progress in restoring all classes of amalgam and composite restorations
- educate students on rubber dam and sealant placement
- share expertise during the didactic and laboratory sessions on dental materials
- ensure students are proficient in the selection, use and application of all necessary dental materials
- ensure the students are learning and retaining key concepts to meet all course objectives and increase pass rates
- prepare students to apply the concepts and practices they have learned when they are practicing in a dental office
- assist in the preparation and addition of lecture materials within the course curriculum
- eagerness to learn how to integrate new technology into course

Dr. Anthony LoPresti D.D.S, Mayfield Village, OH
